

## Joint Election to Split Pension Income for 2019

If you are filing electronically, keep this form in case we ask to see it later. If you are filing a paper return, you **must** complete, **sign**, and attach copies of this form to **both** your return and your spouse or common-law partner's return. **The information on the forms must be the same.**

Complete this form if you (the transferring spouse or common-law partner) are electing to split your eligible pension income with your spouse or common-law partner (the receiving spouse or common-law partner) and if you meet **all** of the following conditions:

- You and your spouse or common-law partner were not living separate and apart from each other, because of a breakdown in your marriage or common-law partnership, at the end of the tax year and for a period of 90 days or more beginning in the tax year.
- You and your spouse or common-law partner were residents of Canada on December 31, 2019 (or on the date of death).
- You received pension income in the tax year qualifying for the pension income amount (see "Retirement income – Summary table" in Step 2 of the Federal Income Tax and Benefit Guide) or you were 65 years of age or older and received certain qualifying amounts distributed from a retirement compensation arrangement (Box 17 of your T4A-RCA slips).

**Only one joint election can be made for a tax year.** If both you and your spouse or common-law partner have eligible pension income, you need to decide who will act as the transferring spouse or common-law partner electing to allocate part of their eligible pension income to the other spouse or common-law partner (the receiving spouse or common-law partner).

This form needs to be filed by your **filing due date** for the year. For more information on filing due dates, see the Federal Income Tax and Benefit Guide.
